Call for Participation
2023 CAP Implementation Workshop

The United States Agency for International Development (USAID) and Alert-Hub.ORG CIC are hosting the 2023 Common Alerting Protocol (CAP) Implementation Workshop and Training. Both events will be in the Lindbergh Room at the Movenpick Hotel, Rte de Pré-Bois 20, 1215 Geneva, Switzerland. The Training Day will be 10 October, 9:30-17:30 CEST; the Workshop will be 11-12 October, 9:30-17:30 CEST.

Documents pertaining to the Workshop can be found at the Workshop website.

Both the Workshop and the Training will be conducted in person, with online Webinars for those who cannot participate in person. You can click here to register. Although the List of Participants is long, we expect the meeting room to accommodate all who wish to participate in person. There is no limit to the number of remote participants allowed to join the event Webinars. Webinar instructions will be sent to all registered participants.

Here is a short flyer about the Workshop and the Training. Further venue details and information for travelers is available here. Check this site for information about getting a visa to enter Switzerland. Please allow at least several weeks for your visa processing. Contact Eliot.J.Christian@gmail.com if your visa application requires a Letter of Invitation.

CAP, designated as ITU Recommendation X.1303, is recognized internationally as the key standard for societies to achieve all-hazards, all-media public alerting for emergencies. CAP Implementation Workshops provide a forum for implementers of CAP and associated organizations to discuss how best to expand adoption of the CAP standard and to share practices among users of the standard. There is no charge to participate and anyone interested in emergency alerting is welcome (managers, technical staff, media...), including governments, non-governmental and commercial organizations.

There were many proposed topics and the accepted list was settled on 1 August, Scheduled presentation topics are in the Training Day Programme, the Workshop Programme, and the List of Speakers.

The 2023 CAP Implementation Workshop is co-sponsored by the International Association of Emergency Managers (IAEM) and the OASIS standards organization.

Please share this note with discussions lists and individuals interested in emergency alerting.

The Program Committee of the 2023 CAP Implementation Workshop:

Chair Eliot Christian
IAEM Beth Armstrong
OASIS Elysa Jones
