Both events were co-sponsored by the International Association of Emergency Managers (IAEM), IFRC, the International Telecommunication Union (ITU), the OASIS standards organization, and the World Meteorological Organization (WMO).

The Workshop was a technical meeting intended solely for information sharing among experts. Accordingly, Workshop participants represented themselves; they did not formally represent any organizations with which they were affiliated.

The draft is shared among Workshop participants for a period of two weeks, with the Chair making revisions based on any comments received.
